Maybe Floris isnt your mod of choice then. AD1257 might be better for a crusade, and religion plays more of a role than in Vanilla/Floris Calradia. It might make a difference

Never use blunt weapons? Be very mean to everyone? Idk, honestly I think that may be tough

Brytenwalda is good for roleplaying in this regard. You have Christian religions. Pick one and kick the rest the hell out of the Isles. There are no churches to burn!

Wouldn't do it in Floris. Religion doesn't exist outside of two sentences in the character creator.

Phantasy Calradia will let you do this. You can play as a priest with holy flamestrike are the two most useful.
